

KF.167

Featured with triangular-shaped armrest, this sofa group is really an eye-catcher in the living area. The semi-attached back cushion offers enough support. The toss pillow is optional, which can be used as a decoration or a headrest after lying down. The combination of thick seat cushion and thin bottom frame, together with the newly developed 16cm powder-coating iron leg, gives people a very strong visual impact.

fixed cushion design

triangular-shaped armrest
